

MSAH DIRECTOR LOUIS KRICK AND JUDY ADAMS,
1% VETERANS PANTRY PRESIDENT.

MSAH DIRECTOR LOUIS KRICK AND BROTHER
RANDY KRICK

The 1% veterans Pantry had a huge power outage on July 3rd due to Consumers Energy not maintaining their power lines. Property farther down from their building had overgrown trees which caused the power lines to rub and melt together. This sent a huge power surge to our pantry that blew out their side by side refrigerator and they lost all of the meat we had in one of their freezers. Louie and Randy Krick delivered the 300 pounds of venison burger to the 1% Veteran Pantry this August 5th. Louie was so wonderful to deal with from the beginning and is such a nice person along with Randy. Louie and Randy truly care about the struggles of veterans, realize the food insecurity faced by combat veterans, veteran families and homeless veterans who sacrificed so much for our freedom.
