Michigan AgFacts

Michigan Agri-Business Association

Chuck Lippstreu | MABA President

MABA is pleased to announce our support for Michigan Sportsmen Against Hunger (MSAH)—a dedicated, all volunteer 501(c)(3) organization working to combat hunger in local communities. Through partnerships with agribusinesses supporting deer hunters and farmers experiencing crop damage, MSAH provides nutritious venison to local food pantries, shelters, and soup kitchens. There are a wide range of ways for Michiganders to get involved with this effort. [Learn more via this flyer](#), and reach out to CJ Merriman with questions using the information at the link.
